GENERAL NEWS.

[BY TELEGRAPH TO THE OREGONIAN.]

Illicit Distilleries Broken Up.

NASHVILLE, Sept. 16.—A revenue party raiding in Sumner county report the destruction of three distilleries. They think this ends the last in Sumner county.

Fatal Explosion.

BRADFORD, Pa., Sept. 16.—A glycerine magazine near here, belonging to N. B. Pulois and containing 70 pounds of glycerine and 100 of dynamite, exploded to-day, and N. B. Pulois, J. B. Burkeholder, Andrew P. Higgins and Charley Page were blown to fragments.

Gen. Shields' Condition.

NEW YORK Sept. 16.—Maj. Gen. James Shields, who became quite sick on Friday night after addressing the Mexican war veterans, improved sufficiently to-day to permit his removal to a friend's house in Brooklyn.

Republican Convention.

NEW ORLEANS, Sept. 16.—The Republican state convention will assemble in this city Monday.

Malicious Murder.

Wm. N. Rogers, a well known livery stable keeper, aged 30, was shot and dangerously wounded by Jas. Finn, an ex-policeman, who had attempted to draw government rations, but failed because he had no sickness in his family. This information being given by Rogers, Finn shot him with a musket loaded with slugs.

Burial of a Gipsy Queen.

DAYTON, O., Sept. 16.—Madla Stanley, known as the Gipsy queen and recognized as such by all the tribes throughout the United States, was buried at Woodland cemetery in the city to-day. The queen was a woman of great influence among her race. She died at Vicksburg last winter and her body was embalmed and preserved until the present time. The cemetery was filled with people, the funeral attracting many visitors from the surrounding country. It is estimated that over 20,000 people were in attendance. Representatives of prominent Gipsy families from all parts of the United States and Canada have been assembling in the city for the occasion and the funeral procession was a mile in length.

Butler and the Parties.

NEW YORK, Sept. 16.—The *Times'* Boston special says: A carefully kept tally of instructed delegates to the Democratic state convention shows thus far 454 for Butler and 388 opposed. A few more caucuses are to be held to-morrow. Of the pledged delegates to the Republican convention 289 are for Talbot and 67 for Long. A large number are uninstructed and a few have been instructed to vote for congressman Pierce as a candidate to draw Democratic votes to beat Butler.

A Most Foul Crime.

CINCINNATI, Sept. 16.—The following account of a most horrible murder is given in dispatches from Houston, Texas: The wife of Geo. Lynch, a respected citizen of Berkely, Texas, died some weeks ago, leaving an infant. Lynch had seven other children, the oldest, Clemis, being seventeen years of age. On Friday night the family retired as usual, the lamp being left burning in the main room. At midnight the father was awakened by a pistol shot and the ball striking him in the breast. He sprang up and saw a disguised man standing in the middle room, pointing a pistol at him. The assassin fired again, the ball lodging beneath his collar bone. Lynch fell unconscious. When he recovered consciousness he found himself lying in a lane outside the premises. The assassin thinking Lynch was dead, seized a hatchet and killed the children, who were witnesses. He assaulted Clemie and buried the hatchet in her head, and also crushed the skulls of three other children and then set fire to the house. The distracted father saw the burning house fall in on the bodies of his eight children. The bodies were afterwards exhumed and an inquest held, when the hatchet wounds were discovered upon the skulls of the children. It is thought that Lynch will recover. A young man named Stalware, with whom Lynch had had a difficulty is suspected of the crime.

A Chapter of Horrors.

NEW YORK, Sept. 16.—The *Tribune's* local columns are swelled with accounts of Saturday and Sunday's brutal deeds. The *Tribune* summarizes thus: The body of a young woman was found in the woods near silver lake, on Staten island, yesterday. It had been forced into a barrel and the features disfigured by the action of chloride of lime. This is believed to have been a case of malpractice and murder.

In a drunken row at New Rochelle, a laborer was beat and kicked to death.

A drunken husband in Brooklyn caused the death of his wife by throwing her from a window.

In a quarrel among bricklayers near New Brunswick, N. J., one of them was murdered.

A fisherman at Babylon, L. I., took his own life after trying to kill his wife.

Homicide and Lynch Law.

BOUTTE, La., Sept. 16.—A difficulty occurred last evening in the store of Chancel Claix of St. Charles court house, between Charlie Baptiste, colored, and Mr. Valcour of St. Martin, deputy sheriff, and son of N. A. St. Martin, district attorney pro tem, which resulted in Baptiste being stabbed and instantly killed by St. Martin. The latter was arrested and lodged in jail. During the night a mob of colored people, variously estimated at from 200 to 300, broke open the jail, took the prisoner downstairs and literally riddled him with bullets beyond all recognition. It is supposed that he received the contents of no less than fifty guns.

WASHINGTON CITY.

Importing by Mail.

WASHINGTON, Sept. 16.—The secretary of the treasury has instructed collectors of customs hereafter to decline to permit the delivery of books imported through the mails which, from their quantity or other circumstances, are presumably intended for the use of any other person than the one directed to, or as merchandise, and in no instance will the use of the mails be permitted to enable parties to import art or relics of merchandise which should be properly treated as subject to duty under the customs law; and books in the latter case, as in the case of newspapers and periodicals, should be returned to the foreign country from which they came as unmailable matter.

The Grenada Postoffice.

NEW YORK, Sept. 15.—The *Tribune's* Washington special says: The postoffice department has great difficulty in the management of postal affairs in the yellow fever districts. At Grenada the situation is particularly distressing. The postmaster died a few days ago, and a telegraphic appeal was received announcing that his wife be appointed as his successor, as the salary was needed. This morning a dispatch was received stating that she was dead. All the bondsmen are dead or have left the city, and all the money, stamps and records of the office are locked up in a safe and the only persons who knew the combination are dead. A clergyman is now acting as volunteer postmaster for two hours daily. This is in violation of law on the part of the department, but there is no remedy.

CANADA.

The Late Flood.

SPENCERVILLE, Sept. 16.—The flood was very destructive in this section. Buildings floated down, and fifteen others destroyed. A large amount of property was destroyed in Brantford. West Brantford was entirely submerged. The iron bridge across Grand River gave way yesterday and three men were drowned. At Galt there was a rainfall of seven inches. The river overflowed and houses on Dundas street were greatly damaged. One person was drowned.

THE FEVER SCOURGE.

Frightful Mortality in Memphis.

MEMPHIS, Sept. 16.—Mortality to-day has been greater than was anticipated, 111 deaths being reported, 36 of which were colored. Yesterday there were 98 deaths instead of 90 as reported.

Report from Grenada.

GRENADA, Sept. 16.—Two deaths and two new cases. Fever is abating and we may soon look for a more cheerful condition of affairs.

Deaths in Vicksburg.

VICKSBURG, Sept. 16.—Clear and warm, thermometer, 90°. Physicians think that there is a steady decline in new cases. Eighteen deaths to-day—nine white and nine colored.

Fate of the Howards.

MEMPHIS, Sept. 16.—Of the 24 original Howards only six are on their feet, the rest being dead or sick. The clerical force is so much reduced that Secretary J. H. Smith requests persons sending contributions to send by draft. There is apparent falling off in the number of new cases. Only 52 new applications for nurses were made to the Howards to-day. Twenty-six physicians of the medical corps report 114 new cases for the 24 hours preceding Friday, at 6 P. M., against 244 yesterday.

The Death List.

The following is the total death list up to the end of last week: New Orleans, 2,091, Baton Rouge 33, Plaquemine 37, Morgan City (La.) 8, Fort Eads (La.) 8, Memphis 1985, Grenada 223, Holly Springs 76, Vicksburg 566, Canton 54, Port Gibson 96, Ocean Springs (Miss.) 9, Greenville (Miss.) 49, Lake (Miss.) 12, Hickman (Ky.) 26, Louisville 7, Gallipolis (O.) 9, Cincinnati 5, St. Louis 10, Chicago 1, Cairo 3. Total 5,305.

New Orleans.

NEW ORLEANS, Sept. 16.—Deaths 59—new cases reported 149.

New York's Total.

NEW YORK, Sept. 16.—According to the *Tribune's* tables, New York has contributed $238,000 to the stricken south.

Holly Springs.

HOLLY SPRINGS, Sept. 16.—About 200 persons are still sick. Five deaths to-day and nine new cases.

EUROPEAN NEWS.

Midhat Pasha's Affairs.

PARIS, Sept. 16.—The Ottoman ambassador has delivered to M dhat Pasha a letter from the sultan authorizing him to re enter Turkish territory and reside in Crete, where he wishes to live with his family. Midhat Pasha will embark at Marseilles the present week in a Turkish vessel for Crete. He will be accorded a residence befitting his rank.

Debate in the German Parliament.

BERLIN, Sept. 16.—Debate was opened in reichstag to-day on the anti-socialist bill. Herr Rechensporger, Ultramontane leader, declared himself opposed to the bill, but said his friends would not meet it in a purely negative spirit. He wished to have it referred to a committee. Herr Betzel, Socialist, denied that there was any connection between attempts against the emperor's life and the Socialists. He declared that the Socialists did not desire abolition of property, but only its modification. Count Von Eulenburg showed that Nobeling had declared himself a Socialist. The Socialistic press had defended him and Hoedel, and had approved recent murders in Russia. Herr Bamber, Liberal, supported the bill. He thought Betzel's speech an incontrovertible proof of the necessity of taking measures.

Disastrous Floods.

CALCUTTA, Sept. 16.—Floods have destroyed upwards of 1,000 houses in Jullinder district of Punjaub.

England's Reforms Accepted.

CONSTANTINOPLE, Sept. 16.—It is stated that the porte will not only accept England's programme of reforms for Asia Minor, but will shortly issue a proclamation extending it to the whole empire.

Austrians Intrenching.

BELGRADE, Sept. 16.—Austrian reinforcements have commenced offensive operations against the insurgents by making intrenchments on the banks of the Save. Fighting so far indecisive. Austrian loss between the 4th and 9th of September, about 160 officers and 3,000 men.

Protection Asked for Christians.

CONSTANTINOPLE, Sept. 16.—European embassadors have made a representation to the porte in consequence of the telegram from the Armenian archbishop of Erzaroum asking protection for Christians threatened by the Mussulmans. Thirty thousand Russians have entered Batoum.

PACIFIC COAST NEWS.

CALIFORNIA.

Verdict of Murder in Second Degree.

SAN FRANCISCO, Sept. 16.—In the Hodgdon trial, after recess the case was given to the jury without argument. The jury retired at 2:35 o'clock and at 3:45 brought in a verdict of murder in the second degree.

The Protested Tax Money.

It is probable the finance committee of the board of supervisors will soon hold a session to trace, if possible, where the protested tax money went after the late Alexander Austin took it from the Bank of California. The committee may require attendance of bankers and brokers and production of their books.

The Chronicle's Libel Suit.

PLACERVILLE, Sept. 16.—The trial of the De Youngs, proprietors of the *Chronicle*, for libeling Senator Sargent and Representative Page, came on to-day. Neither of defendants was present. Judge Terry, counsel for defense, moved continuance for the term. Sargent opposed continuance, claiming that defendants, if not prepared, had been negligent, and the court should not grant continuance except on legal grounds. After some discussion the trial was postponed until Monday next.

Fair Commenced—Races.

SACRAMENTO, Sept. 16.—The fair opened today under the best auspices. Stables, stalls and pens are full. The first race, 2:26 class, five started; Abe Adgel on won first heat, Graves 2d, 3d and 4th; time 2:25½, 2:26½, 2:24½, 2:27½. Doty was the favorite in the pools until after the third heat. The second race for 2:40 class, first heat won by Lady Emmet, 2:31; second, by Harry, 2:30; third by Corisande, 2:24½; fourth, by Corisande, 2:31, and fifth in 2:32½.

BRITISH COLUMBIA.

Political and Otherwise.

VICTORIA, Sept. 16.—Political meetings are held here almost nightly in the interest of the various candidates for the house of commons. There are five candidates running in Victoria.

Mining News.

Quartz news from Cariboo continues favorable. A ten stamp mill will be started in about four weeks from date.

Fires.

Forest fires still continue to rage fiercely all along the coast.

Shipping.

The ships *F. Stong* and *Spindere* and barks *J. E. Peters* and *C. J. Carleton* are loading at Nanaimo for San Francisco.

WEST INDIES.

An American Vessel Wrecked.

HAVANA, Sept. 15.—The steamer *Carondolet* arrived here yesterday. She experienced very heavy weather, and took off the crew of the American brig *Sally Brown* abandoned at sea, from Pensacola to Santia[illegible] taking the places [illegible]

THE KORAIS OF STATE FAIRS.

These fairs are a convenience, if not a necessity. The fruit of the earth and the products of labor need to be seen and compared in order to improve both by the interchange of ideas among the producers. Books, magazines, papers, lectures and buildings for permanent exhibitions promote this interchange in a sure and safe way, yet the annual fair proves itself one of the quickest and best methods to give the public what they want to know.

It is right to bring the choicest vegetables from your garden, fruits from your orchard and cereals from your field, and show your neighbors how they were perfected. It is right to bring the best tools and machines from your shop; the finest fabrics from your looms; the most finished models of your skill, and the richest specimens of your art, and adorn the whole with the most beautiful display which your parterre or your conservatory can furnish, for the sake of imparting to others some of the benefits which you enjoy. It is right to compare your select animals from yard and stable, pen and pasture. It is duty to enrich the community in the quality as well as quantity of all its material productions. It is the duty to make such an exhibit the occasion of special instruction on all the points of wise culture and the economic use of all the forces at our command.

The annual state fair affords the cheapest means to secure such results, though as yet they are but partly realized. But it is not duty to propose or attempt these things at a sacrifice in the least of public morals. Character is worth more than wheat, horses or gold. Its late losses have put its present premium in the family, the store, the shop, the field, the office, on ship and shore, at a higher rate than ever. The guardians of domestic and of public morals do not propose to imperil these sacred trusts for money. Parents have of late said: "We will not attend state fairs at the risk of corrupting the morals of our children. We want them to see and hear what will profit, not what will poison mentally or po ute morally."

The board of managers of the Oregon State Fair respect and honor this sentiment. It is understood to be their aim and the policy of their management to restrict and exclude every form of vice with all their control. The prizes offered are not to encourage gambling, but a generous competition.

The trials of speed are not for betting, but for this quality of the horse within useful limits, not at the utmost stretch of his powers, as the inspection of boilers and engines is to test their safe use instead of their possible strains.

Prizes may yet be offered for such safe tests of the trotter on the race, and an embargo be put upon its cruel excess, and thus forever preclude the jockey's lot and the frauds of the pool.

During the last two or three years this board have encouraged religious services in their fair grounds. They have assigned a grove and also a building for such use at proper hours. Under the auspices of the Young Men's Christian Associations of the state the daily noon prayer meetings, and evening conference and praise meetings have been held with growing interest and profit, and without disturbance. Moral and Christian people and their families have been gratified with this new feature in the annual programme. Such meetings will no doubt be continued the present year under the general care of the Y. M. C. A.

This year the board have concluded to open the fair October 10th, and continue it to the 18th, during a full moon. They hold over the Sabbath for more time and in the year. They rent no booths and do no business on the Sabbath, except what seems to them to be a necessity.

It is understood that the board of managers wish Christian people to hold such religious services as they think best on that day. For that object every facility will be afforded them. A 20 minute sermon and a service of praise and prayer and Christian conference are expected every evening, except Saturday evening, the 12th, which it is thought best to devote to an open temperance meeting, led by the president of the Portland Open Temperance Society.

It is thought best to beg n the Sabbath services with the usual morning prayer meeting at 9 o'clock, of one hour. At 10:30 o'clock, a service of praise, a half hour. At 11 o'clock, a sermon. At 7:30 o'clock P. M., a service of praise, followed by a sermon. At 3 o'clock P. M. a general Sabbath school concert is proposed, in which it is hoped all the Sabbath schools in the state will be represented.

Gentlemen of all the denominations accessible will be invited to lead the various meetings in person or by substitute.

The music will be congregational singing, with the help of such organs, string and band instruments as can be secured. A Bethel flag will wave over the place of meeting, inviting all the worshipers of God to assemble at the appointed hours. All who have copies of the Gospel Hymns No. 1 are invited to bring them and join in the services of song. The music will be conducted by Messrs. Wyatt, Chamberlain, Wadhams, Gill and others.

With such aims and plans in view it is hoped that our state fair will command the increasing respect, confidence and aid of the people.

This outline is approved by the board of managers and by the Young Men's Christian Associations and their friends as far as it could be submitted to them.

G. H. ATKINSON,
Committee acting by request.

PERSONAL AND GENERAL.

Gen. Garfield has been invited to Massachusetts by the Young Republicans of that state.

Gen. Butler pays a tax of $1,830 in Lowell, Mass. He is the largest individual taxpayer in the town.

The Prohibitionists of Massachusetts polled 17,000 votes last year. It is predicted that this year their vote will not exceed 5,000.

Senator Bilbo will make three speeches in the first North Carolina district, and two in the second Virginia district. That is, one speech five times.

Within the last seventy years New Orleans has had twenty severe visitations of yellow fever. The most deadly of the number was in 1853, when the dead rate was nearly 300 a day.

New York *Tribune*: It must have been a great surprise to Governor Grover when he discovered that Pelton, in New York, knew more about the Oregon vote than he did in Oregon.

Some enterprising White Leaguer or rifle clubbist has imported the Louisiana and South Carolina electoral method into South America. One party there posted troops on a church tower and poured volleys into the voters of the other as they crowded to the polls.

Queen Victoria said not long ago, when she had given an order in one of her dominions: "I am Queen of Great Britain and Empress of India, but I have not power enough to make one of my servants put coals on the fire if she has been hired to look after the bed chamber."

What Butler's Head is Filled For.

[From the Washington Post.]

Some of the prominent Democratic journals are so fastidious that they think Butler is not good enough to be used as a battering-ram against the citadel of Radicalism in Massachusetts. As we have gazed upon the rugged cranial development of the Essex statesman, it has seemed to us that his corrugated dome of thought was admirably adapted to this purpose. Still we may be mistaken.

WASHINGTON TERRITORY.

Congressman Luttrell is touring on the Sound.

Diphtheria still rages in the Walla Walla country.

There are but three persons in the Walla Walla jail.

It costs a man $1 for being drunk and disorderly on the streets of Seattle.

Six hundred bales of hops were recently shipped from Tacoma in one day.

Three fourths of the grain grown on the Sound this season is safely under cover.

Two ladies, Mrs. Gatzert and Mrs. Weed, of Seattle, have collected $350 for the yellow fever sufferers.

Mr. Arthur Sharpstein of Walla Walla is getting up a map of the Walla Walla and Palouse country.

The Grand Lodge of I. O. O. F. for British Columbia and Washington territory will meet at Seattle on the 19th inst.

Rev. H. W. Brown, who has lately been reviving the religious people of Seattle, will hold a revival at Walla Walla soon.

Walla Walla will have the grandest fair his season ever known in that section. A baby show will be one of the attractions.

Mr. Gatzert of Seattle who has been in California for some months seeking health, is greatly improved and will soon return to his home.

James Green, a miner who was injured by a fall while working in the Newcastle coal mines in May last, died a few days ago from the effects of the injury.

The Tacoma saw mill is running night and day. On last Saturday four vessels were loading at the mill dock—one for Peru, another for Chili, a third for Australia and the fourth for San Francisco.

On Tuesday, Sept. 10th, Capt. Emmanuel Boggo of the ship *Annibal Pinto*, died at Port Townsend. Deceased was born in Genoa, Italy, in November, 1836. He had been engaged in the ocean trade with this part of the world during the past thirteen years.

California quail are to be found on the Puyallup Indian reservation. The Indians, even, are so desirous of having this country well stocked with these birds they seldom or never kill them, although they are remarkably tame, and live near the Indian huts.

The hop drying house of Thompson & Meade, said to have been the largest, handsomest and costliest in the Puyallup valley, was destroyed by fire last Wednesday night. The deed was undoubtedly that of an incendiary. Chinese are supposed to be the guilty parties.

From the Walla Walla *Watchman*: This week was a regular immigration week. They came in by trains from the eastern states and California, and all seemed to be of good cheer. Ask them where they are bound for, they pull down their vests and complacently exclaim, "To the Palouse country." All we can say to you, friends and pilgrims God be with you. Stick to the country and the country will stick to you, if you are the right sort.

The people living near Silver Lake, W. T., have lately built a school house; and now propose to organize a Sunday school. For this purpose a grand convention will be held at the Silver Lake picnic grounds near Stony land, on the 29th of the present month. A basket dinner will be spread and a general invitation to attend is given. An attractive programme which will be carried out on the occasion, has been sent to us for publication, but as our columns are crowded it is necessarily omitted.

THE LAW OF ATTACHMENT.

PORTLAND, Sept. 16, 1878.

TO THE EDITOR OF THE OREGONIAN:

Our attachment law should be amended. One of the first things the legislature ought to do should be to amend the act to amend sections 142 and 143, title 15, chap. —, of the Code, approved Oct. 20, 1876, and to be found on pages 35 and 36 of the laws of 1876, so as to restore to the people the law as it was prior thereto, and as it is on page 135 of the Code as compiled by Deady and Lane.

There is now no remedy by attachment in actions for damages for torts, no matter how grievous the wrong, and what is yet worse a man who is a permanent citizen, honest and industrious, but in debt on contract may have his business broken up any day by attachment of his property.

The writ of attachment should not be allowed unless the defendant is non-resident or about to become so, or is designing to remove, secrete, or convey his property to defeat his creditors, or was guilty of fraud in contracting the debt. As the law now exists the writ may issue in all cases of contracts made or payable in this state, for the direct payment of money, and not secured by mortgage, lien or pledge. Unless this matter receive prompt attention, the result will be disastrous to our farmers and country merchants, now that the bankrupt law has been repealed.

ATTORNEY.

A Timely Reminder.

[From the Pendleton Independent.]

We never like to speak disparagingly of a good move, but we do feel a little anxiety for the great good that we had expected to result from our Indian council. When we heard and saw the firm and decisive measures evinced by General Howard and Governor Chadwick, we had strong hopes that at last well, and that those who were guilty of such atrocious murders would be punished and an end put to any further Indian trouble. But it seems now that justice is somewhat subsiding and we are drifting again into oblivion of the barbarous wrongs we have suffered. The chiefs are not making an effort to deliver the guilty as we were informed they would do. Their agent, if he had the names of those interested, as he stated, refused to give them to our sheriff. We are informed that Major Throckmorton does not lend his aid to Sheriff Sperry, as was promised. This fact is indeed a lamentable one; for though those in authority may "forget and neglect," those who have been the sufferers never can. We earnestly hope and ask that his matter will receive proper attention, and that the promises of General Howard and our governor will not be totally disregarded.

Gorham on the Maine Election.

[Washington Special, Sept. 11.]

An interviewer reports Mr. Gorham, secretary of the Republican campaign committee, as saying that the defeat in Maine is due to the national banks, and that if the Republicans expect to have any success in the west they must come out boldly and oppose the banks. Mr. Gorham is also reported as having said, that in view of the election of a large number of Greenbackers to the next house, the choice of a Republican speaker is certain, as the Greenbackers will continue with the Republicans.

The Augusta (Ga.) *Chronicle* expresses the belief that Senator Gordon will be re elected without opposition, and says that many of his constituents confidently expect him to be the next Democratic nominee for the vice-presidency.

In France 150,000 copies of "the people's edition" of Victor Hugo's "Histoire d'un Crime" have already been sold—the same number that was sold of the illustrated Paris edition of "Les Miserables" in 1803-'65.

Since General Butler has left the Republican party he reminds the Indianapolis *Journal* of that crowd, "Out in the Cold World"—a sckass standing in the snow before a closed stable door.

A meeting fast-day sermon being preached in a country church, all wept except one man, who, on being asked why he did not weep as well as the rest, replied: "Oh, I belong to another parish."

OREGON LEGISLATURE.

Tenth Biennial Session.

Senate.

SALEM, Sept. 16.—Senate was called to order at 2 P. M., and opened by prayer from Rev. Mr. Chambers of the Episcopal church.

A communication from T. H. Cann clerk of land commissioners, was received.

An invitation to attend a lecture on railroads by W. W. Chapman, at 3 o'clock to-day, was read.

The following bills were read first time:

Berkey—S. B. 51, relating to lodging interests.

Ross—S. B. 52, relating to the destruction of noxious weeds.

Grim—S. B. 53, to amend the act to incorporate the town of Gervais; referred to committee on corporations.

Myers—S. B. 54, authorizing state warrants drawn on state lands to be received in payment for swamp lands.

Bradshaw—S. B. 55 to create the office of clerk of the board of commissioners for sale of public lands, with salary of $1,200 a year.

SECOND READING OF BILLS.

H. B. 3—To redistrict the state; referred to committee on elections.

Senate concurred in H. C. R. relating to advisability of revising the state constitution; regarding the office of state printer, so that state printing can be let to the lowest bidder; Simpson and Lord were appointed on the part of the senate. Adjourned.

House.

House met at 2 P. M. Fifty five members were present.

A petition for the establishment of the Baker and Grant county lines was referred to the committee on counties.

Petition for the incorporation of the town of Independence; referred to the committee on corporations.

Memorial of the Portland board of trade relating to salmon fisheries; referred to committee on commerce.

BILLS READ FIRST TIME.

Stearns—H. B. 29, fixing water rates in cities of 10,000 inhabitants.

Green—H. B. 30, regulating the apportionment of school funds.

Cable—H. B. 31, amending Jacksonville charter.

Thompson—H. B. 32, regulating pilotage and towage on the Columbia and Willamette rivers.

Chenoweth—H. B. 33 amends grand jury law.

Hansard—H. B. 34, incorporating the town of Lebanon.

A communication from the secretary of state, throwing the onus of the saloon in the capitol building on the Chadwick administration, was read. Adjourned.

Chapman's Speech—The Senatorial Question.

SALEM, Sept. 16.—This afternoon Col. Chapman, who has worked in Washington seven years for the Portland, Dalles and Salt Lake railroad, addressed the legislature on that subject, denouncing the Northern Pacific and Central Pacific companies and urging the Salt Lake road as the best outlet for the Oregon trade.

Members seemed to day all at sea, as before, on the senatorial question. Strahan's friends are confident, but have no basis for it. The Eastern Oregon members say they will go into joint convention and take their chances the latter third day. It is the intention to hold a long session to-night and try to force a nomination, but the general outside opinion, and that of many members, is that it cannot be done.

9:30 P. M.—Caucus heard from; more candidates and worse split up than ever. Strahan receded to votes enough to indicate anything.

10 P. M.—More than 20 ballots have been taken and all scattering. They will probably make a night of it, with no prospect of nominating. So far no one has received over 35 votes. Slater's vote has receded to 31.

The Unconstitutional "Absolute."

[From the Rochester Union, Dem.]

Now as to "fiat" or "absolute" money. Assuming that those who advocate it are honest and sincere, and assuming, for the sake of argument, that it has merit, the proposition to issue it is impracticable, for the reason that the supreme court of the United States has decided incidentally, and would decide directly upon its issue, that it is unconstitutional.

Bishop Scott Grammar School.
A Boarding & Day School for Boys.
PORTLAND, OREGON.
Under the Superintendence of BISHOP MORRIS.

THE SCHOOL WILL OPEN IN THE COMMODIOUS and beautiful new building on TUESDAY, Sept. 3d, under the Headmastership of PROF. JOSEPH W. HILL, M. A., of Yale College. There will be a full corps of faithful and experienced assistants, among them Mr. Louis Miner, already favorably known to the patrons of the School.

Among the very satisfactory testimonials that Bishop Morris has received concerning Prof. Hill are the following:

YALE COLLEGE, April 26, 1878.

This may certify that Mr. Joseph W. Hill has had ample experience in teaching, is mature in years, and in every respect is fitted to take charge of a High school. He is a man of excellent character, and cannot fail to give satisfaction as a teacher.

(Signed) N. PORTER, Pres.

THE SHELDON SCHOOL, NORWALK, CONN., Jan. 16, 1878.

I have long known Mr. Joseph W. Hill. He was my pupil for years and has since taught for me. To his ability and worth I unhesitatingly testify. He is an earnest student, and in my judgment possesses rare qualifications for the profession of teaching. I commend him very cordially and thoroughly.

(Signed) REV. C. SELLECK, Principal.

TO THE GENERAL PUBLIC.

WE WISH TO SAY THAT CANCER CAN BE cured without the use of the knife or the loss of blood, in proof of which we would respectfully refer the afflicted to the honorable names appended to the follow ng certificates—not foreign or irresponsible names, but your neighbors and friends, with whom you may consult and advise, and by this means assure yourselves whether or not there was any quackery, trickery or humbuggery practiced in their cases. We could refer to many other cases treated in this valley, but deem it unnecessary. Also to a number of cases treated years ago in the Western States and California. Birth Marks and Moles removed. Tumors and Chronic Sore Legs cured on the same principle as Cancer, to-wit: No payment is required until a cure is effected. Examinations and consultations free. The undersigned bring considerable of the time away from home on professional business, may be consulted by letter at Salem, Oregon.

WM. GREENE.

Salem, Oregon, Aug. 23, 1876.

I hereby certify that Mr. W. Greene, of Salem, Oregon, removed a dark spot of birth mark on my daughter's face. It was taken off without the use of the knife or loss of blood. The cure has every appearance of being permanent. B. S. WARD.

SALEM, Oregon.

This is to certify that Mr. Wm. Greene, of Salem, Oregon, treated my wife for cancer in December, 1877. The treatment was without the use of the knife or loss of blood. The cure has every appearance of being permanent. B. S. WARD.

SALEM, Oregon.

This is to certify that Mr. W. Greene, of Salem, Oregon, treated my son for cancer in December, 1877. The treatment was without the loss of blood. To all appearance the cure is permanent. D. C. CRESWELL.

SHERIFF'S OFFICE, DALLAS, Polk Co., Ogn.

This is to certify that Wm. Greene, of Salem, Oregon, treated my brother, H. D. Hall, and his wife, of Buena Vista, Polk Co., Oregon, for cancer, and to all appearance the cure is permanent. The treatment was without the use of the knife or loss of blood. The operation was performed in January, A. D. 1878. I would heartily recommend Mr. W. Greene to all in affliction. L. M. HALL, Sheriff of Polk Co., Oregon.

FRUITDALE FARM, MARION CO., Oregon.

To all whom it may concern: I hereby certify that my mother had a cancer on her face just under the eye for two years, and it was growing very fast. She employed Mr. W. Greene, of Salem, Oregon, November, 1877, and he removed it in just one week without the use of the knife or loss of blood, and with but little pain, and is to all appearance permanently cured. Also the 4 daughter of Mr. J. S. Vaughn, of Butteville, Marion county, Oregon, had a cancer in the corner of the eye, which Mr. W. Greene took out at the same time, with complete success, and I will do recommend him to any person that is afflicted with cancer.

NOTE.—Both the above cases were hereditary.

D. C. GEER, Ex County Clerk.

SALEM, Linn County, Oregon.

This is to certify that Mr. W. Greene of Salem, Oregon, treated me for cancer in December, 1877. It was on my nose and of seven years' standing. It was removed without the loss of blood or the use of the knife, and to all appearance the cure is permanent.

JOHN McCOY,
Ex County Commissioner.

AMITY, Yamhill Co., Oregon.

I hereby certify that Mr. W. Greene of Salem, Oregon, treated me for cancer February 1878. It was on my face and of ten years' standing. It was cured without the use of the knife or loss of blood, and but little pain. E. C. WILLIAMS,
Ex County Commissioner.

A QUESTION OF GOOD MONEY.

A mariner went to sea on a calm day, depending on his own bellows to raise the wind. It is not said that he made great speed. Likewise we have those who are of opinion that an individual can get rich by giving his note, and that a government can create wealth by doing the same. This is the theory of the National Greenback Labor party, so-called, and it is abetted by Republican demagogues like Butler, and by Democratic demagogues like Thurman. "Is it not right and proper," the latter asks, "that that kind of money, whatever it is, with which people do their business, which they borrow, and in which they make their contracts, should be good enough money to pay their debts when they become due? Is it not right that money in which people are compelled from necessity to do their business, which they receive for their produce, which they receive when they make loans, which they receive when they sell property of any kind or description—is it not right that the money in which they are thus compelled to do their business should be good enough to pay their debts?" This purposely ignores and obscures the whole valid ground of the argument. The simple question is whether this paper currency, with which people do their business, which they lend and borrow and in which they make their contracts, ought to be as good as specie, or not. Ought it to be kept at a good stable value, convertible into specie as now, or should it be inflated and jobbed in and tinkered with, until it fluctuates as heretofore on a scale that runs as low as thirty or forty cents on the dollar, and may run lower still? A paper currency is a necessary convenience. But to be so it must be kept at par with real money, so that a dollar may be a definite expression and people may know what prices are. Then that paper currency will be good to borrow, to make contracts in, and to pay debts with. But if it have not the stable value which it can possess only by maintaining its convertibility, then borrowers, lenders, traders, workingmen and all classes are liable to be swindled continually by its fluctuations. Thurman croons his lullaby over and over. That which a man receives, he says, "when he borrows money, when he sells a house, or lot, or produce,—that money which he is compelled to receive from necessity for what he has to sell or for his labor, ought to be good when he has to pay his debts." So it ought, but in a higher sense than the demagogue's speech would imply. Make the paper equal to gold, and keep it there. Within the fraction of a cent it is now exchangable with gold. It is now just about good enough for all purposes. But what Thurman wants to recommend is a paper currency inflated and depreciated, ex-post-facto to pay debts with. In other words he wants to give every person who owes money a chance to repudiate a large part of his obligation. He seeks the favor of the dishonest class by urging for them a currency which would enable them to pay their debts with stuff worth perhaps fifty cents on the dollar or less; and this is the whole philosophy of the so-called National movement. To swindle creditors, private and public, is its sole real object. It is a demand that the government shall issue more notes, repeal the pledge of redemption, and decree that all debts shall be paid with irredeemable and practically worth-less paper. If Butler or Thurman owe you now a debt payable in currency they want a chance to increase the volume of the currency, diminish its value, and pay you with this half worthless stuff, cheating you by a single trick of shuffling the currency out of a large part of the value of your debt; and the more complete the cheat the better for their purposes. This in a nut shell is the whole of this modern financial revelation. Multitudes, no doubt are deluded with it who mean no dishonesty, but Thurman knows better, and so does Butler.

ANOTHER VIEW OF THE RAILROAD QUESTION.

The Tacoma *Herald* attacks the O. S. N. Co. on the ground that it is using its influence to prevent or delay the construction of the Northern Pacific branch road over the mountains from Puget Sound, and to control the commerce of the northwest in behalf of Portland. It complains that the influence of this corporation in the councils of the railroad company threatens the interests of Washington territory as distinguished from those of Oregon. The editor says: "As an individual, we can not tell how nearly related those companies may be to each other; but as a public journalist, we are prompted to watch carefully the evidences of their relationship; warn our readers of any combined movement which may tend to compromise the best interests of our people; and assist, with all possible and fair means, to avert impending enthrallment by the O. S. N. Co., which has no interest in our growing commonwealth farther than the control of its commerce in behalf of Portland and capitalists prejudiced against the growth of a large city on Puget Sound." The remark is added: "The hour has arrived when the case demands that every public man in the territory, and any person possessed of a vote should study most carefully the railroad question and favor that which promises the greatest benefit to our own commonwealth. We are in favor of a railroad across the Cascades, with all due deference to the O. S. N. Co." In the midst of all the uproar, much of which has been for political purposes, that has been raised on account of the supposed influence exerted by the O. S. N. Co. on the railroad question, it has not escaped attention here that the interests of this company are concentrated in Portland; and views have been entertained by many in regard to its agency in this matter, which in time may be somewhat modified as opposition to the interests of Oregon, as indicated by the above extracts, shall develop. THE OREGONIAN has never opposed construction of a railroad across the mountains from Puget Sound, nor made a single objection to aid therefor; but in behalf of Oregon and Portland it has naturally been very desirous to secure construction of the main line hither, and to hold the channel of the Columbia as the chief avenue of the commerce of the northwest. There would have been no doubt of the full success of this policy had the grant for the railroad been renewed on terms acceptable to the company. Had this been done an effort would not now be making to find a route over the mountains; nor would the project of a railroad there be mooted for years to come. Gradually this whole subject will clear up, and everybody will see the full significance to Oregon of the recent railroad struggle.

FORMIDABLE SECRET ORGANIZATION.

A correspondent of the New York *Tribune*, writing from Reading, Pa., professes to give the full inside history of the organization known as the Knights of Labor. The order, he says, was born in Philadelphia several years ago, where the cloth weavers conceived it, and now numbers 800,000 in the country at large, 95,000 of them being Pennsylvanians. The order is exceedingly secret, having until lately kept even its name from the public. "It is so subtly secret that members are prohibited from mentioning it even outside of the doubly-guarded doors of their secluded assembly rooms." This correspondent says the railroad riots of 1877 gave the order a great impetus, as the baffled strikers afterward joined it in great numbers. No professional men or merchants are admitted to membership, which is confined strictly to workingmen. The *Tribune* man gives the grips and signs of the order, the manner of effecting an entrance to the assemblies, etc. His account is more interesting than that heretofore published of this order, because more particular and positive, and because of the immense number of Knights he represents as belonging to it. If we accept his story as true, we must admit that this order is very formidable in respect to its political power and its power to inaugurate and control a universal strike. The correspondent concludes his letter with the following:

The wonderful increase of membership, which has startled the Knights of Labor themselves of late, and made continued secrecy absolutely impossible, is attributed to a settled purpose on the part of leading secret labor society men to consolidate all the trades unions under one head. They reason that when this has been accomplished they can make a strike so universal that resistance will be utterly impossible. The strikers of last year saw over that with the present unity they could have been successful. Last spring they thought the work of amalgamation had gone far enough to insure success, and desired to begin a universal strike in July, but were defeated by the more conservative members. The hot heads are still insisting on making the great attempt to "grasp capital by the throat." They next suggested August 15th as an auspicious date. There seems to be a determination to force a strike when the railroads are in greatest demand for moving the bountiful harvest and shipping goods for the fall trade. The leaders of the Knights of Labor deny all rumors of a projected strike, while they have their hands full holding their restless following in check. They may hold back the storm for a time, but as they hold it it gathers the more force.

The New York *World* is deeply concerned to find that the "National" movement has accepted the leadership of so flagrant a monopolist as Dennis Kearney. This individual has been a drayman in San Francisco. A capitalist is a monopolist, and it is not possible to be a drayman to the extent of owning a horse and dray without becoming a monopolist as the term is understood by the Kearneyites. It is necessary to save money sufficient for the purchase of a horse and dray, and that amount would secure a bond of considerable size. Then the thieving monopolist, in addition to the worth of his honest labor, which is all he is really entitled to, requires and receives pay for the hell-born capital which he has invested in his leprous horse and moon-eyed dray. Kearney boasts that he has made money in the draying business, but he does not repent of his evil accumulations, nor does he cover them into an agrarian fund. What sort of a person is this to cry out against monopolies?

The Jacksonville *Times* thinks it "had reasoning" to say that we don't need so many sessions of the legislature; and it wants the sessions extended from forty to sixty days. It says "Job legislation is too common." Yet it believes "the chief cause of it is the shortness of the sessions." This may be good theoretical reasoning, but experience doesn't sustain it. In other states it is found that jobs multiply and become successful in a ratio increasing with longer sessions; and in our state it has often been observed that the termination of the forty days has cut off no end of growing jobs that were just pluming their wings to fly. The longer the session the better the opportunity for those who have schemes in view to "pool their issues." If we could have a constitutional amendment withholding from the legislature for ten years to come every power except that of repealing laws, the result might on the whole be beneficial to the state.

Some days ago THE OREGONIAN made some remarks on the absurdity, and the injurious consequences to the state, of a restrictive statute which has been in existence for some years and which prohibits every corporation engaged in navigating any water in this state, and all persons who have any kind of interest in such corporations, from building, or operating, or taking any interest whatever in railroads. A state which forbids every person who holds any share in a steamboat company to join in any railroad enterprise deliberately deprives itself of benefits it would receive from investments in the line most wanted. It shuts out from railroad building a class of men most likely, and often most able, to engage in it. Senate bill No. 1, introduced by Mr. Colvig, of Douglas, proposes an amendment which omits from the statute this useless and injurious restriction. It ought to pass.

Among those who stand most sturdily against the "absolute money craze" is Senator Bayard of Delaware. In a recent speech at his home he said that no government could establish the market value of money; that at this time there is no scarcity of money in the country and no need for more money, and that if greenback currency were so enlarged as to absorb and replace the national bank currency the result would be more untaxed wealth, because national bank notes are taxable, while greenbacks are not.

About the only paper of Washington territory that comes out in favor of the new constitution, so far as we have observed, is the Olympia *Transcript*. With astonishing credulity it professes to believe that four-fifths of the people will vote for the instrument.

The people want a mail route from Union to Walla Walla, by way of Summerville.

TUESDAY MORNING, SEPT. 17, 1878.

CITY.

A CHANGE FOR THE BETTER.—A wealthy Chinese firm has leased the ground at the southeast corner of Second and Alder streets and as soon as the old buildings now on it can be removed, will commence the erection of a brick building two stories high with a frontage of 100 feet on the former, and 75 feet on the latter street. The site, which belongs to the Vaughn estate, has been leased for a term of ten years. For several years past, in fact, ever since Chinese have lived in Portland, a number of tumble-down buildings on this ground have been occupied by them, and although the city council has frequently ordained measures directed especially to the unsavory and indecent unstiness of this quarter, and though the force of the police has been directed time after time in attempting to enforce these measures, the place has existed in a condition so vile as to be a sore to the eye, an offense to the nostrils and an injury to the general health. Workmen were engaged yesterday in tearing down the old buildings, and the amount of unwholesome filth brought to light was surprising and disgusting.

GRAND ARMY OF THE REPUBLIC.—We have been handed a copy of the rules and regulations of George Wright Post No. 1, G. A. R. From them we find it is a beneficial organization, and its chief object is to preserve and strengthen fraternal feelings among the soldiers, sailors and marines of the late war, and to perpetuate the memory and history of the dead; to assist such former comrades in arms as need help and protection, and extend needful aid to the widows and orphans of the deceased. The regular meetings of the post are held on Tuesday evening of each week, corner of First and Madison streets, and a cordial welcome will be extended to all visiting comrades and members of the G. A. R. who desire to visit its encampment. Those who desire to join the post can obtain copies of the rules and regulations and blank applications for membership from E. W. Ryan, post adjutant, 142 First street, or of any of the comrades.

SAID TO BE JOHNSON.—Mention was made in yesterday's issue of the arrest of a man at Shedd, Linn county, by ex-Deputy Sheriff R. B. Baber, who was supposed to be Johnson, one of the O'Shea robbers. Yesterday a description and photograph of Johnson was sent to Baber, with instructions for him to compare the man with both and ascertain if he were the party so anxiously sought for. A dispatch was received from Mr. Baber, stating that the instructions had been complied with and that it was his (Baber's) and the opinion of several others that the prisoner was the identical Johnson. The prisoner was brought to Albany yesterday afternoon, and Officer Hudson took the express train for the same point. Officer and prisoner (should he prove to be Johnson) will probably arrive here on the afternoon train.

SCHOOL TAXES DUE.—School taxes for this district are now due, and Mr. D. W. Williams, clerk of the school board, will receipt for the same during the next sixty days at his office on Third street, between Morrison and Alder streets. The tax roll shows a total property valuation of $8,500,000, upon which a tax of 4½ mills has been levied. This will raise about $40,000; and this, with the $15,000 which the tax payers' meeting authorized the directors to borrow, will pay the expenses of the schools during the coming year, and a large percentage on the cost of the school building now being erected in the western part of the city. Our school finances have never at any time in the past been in as prosperous condition as at present.

A HANDSOME DESK.—A very handsome piece of furniture has been added to the office at the Occidental Hotel in the shape of one of Morgan's patent advertising desks. It is not only highly ornamental, but is a very useful acquisition to the office. This desk is manufactured from black walnut and trimmed with birdseye maple, and is as elegant a piece of furniture as one could desire to look at. Attached to the desk are a clock, thermometer, barometer and an abundance of writing material. Such an addition will be a great convenience to the guests at the hotel, besides enhancing the general appearance of the interior of the office.

PARK STREET SCHOOL BUILDING.—A short time since the contract for building the foundation for the Park street school building was let to Mr. L. Cady for the sum of $3,900. Work was commenced at once and pushed forward vigorously until it is about finished. The contract for the woodwork was awarded a few days ago to Mr. J. M. Caywood for the sum of $19,900. The contract calls for the completion of the build ng by the 1st of next August. The building will be partially completed and enclosed by the 30th of Nov. In that unfinished condition the building will stand until early next spring when work will be commenced.

CHINESE AIR ORDINANCE.—Sixty-two Celestials were arrested yesterday, charged with violating the "cubic air ordinance." These Chinamen were found all huddled together in the old wooden rookery at the corner of Oak and Front streets. Each defendant was fined $5, and in default of payment to be committed to the city jail for the period of three days. Twenty of the defendants liquidated their fine and were discharged. The remaining 42 are in durance vile. To-day a number of these prisoners will be taken out in charge of an officer and allowed to exercise their muscle on the streets.

IMPROVEMENTS AT VANCOUVER.—A number of improvements are being made at the garrison at Vancouver. The frame of General Howard's house is up and work on it is progressing rapidly. The new building on the south side of the parade ground is nearly ready for occupation. This building is designed for department headquarters and will contain sixteen large office rooms when completed. An additional story has been added to the house occupied by Gen. Sawtelle.

THREE FAMILIES BURNED OUT.—A few days ago the statement was made that the farms of Mr. Pierce and Peter Stice, over in Washington Territory, were destroyed by the fire which has been raging in the woods. Mr. Pierce called at this office yesterday and says that the statement is incorrect. Neither his place nor Mr. Stice's have been burned. He says three German families near him were burned out and are in a suffering condition.

NUMBER YOUR VEHICLE.—We are requested to state that every person engaged in driving an express wagon, who is found to-day without a number on his vehicle, will be arrested. The ordinance requires that each vehicle shall be numbered, and all persons who neglect to observe the same will be arrested and brought into the police court and prosecuted. Take note of this and govern yourselves accordingly.

GREAT IMPROVEMENTS.—Few persons have any idea of the real extent of improvements made and in progress this season in Portland. By actual count it is ascertained that since the 1st of January there have been constructed and now in course of erection *nine hundred and twelve buildings.* Who says Portland is not moving forward in the march of improvement?

BENEFIT OF YELLOW FEVER SUFFERERS.—Do not fail to patronize the Metropolitan bath rooms to-day. The receipts of the day are to be applied toward alleviating the sufferings of your fellow humanity.

POLICE COURT NOTES.

The following named persons were fined for being drunk and disorderly: Charles Benbroke $10, unpaid; John Smith $5, paid; John Murphy $5, unpaid; Lafelle $5, unpaid; Jas. Johnson $15, unpaid; W. H. Hopp $5, paid; W. P. Taylor $5, paid; Lynch $5, paid; J. Maguire $10, paid; James Dorney $5, paid; Edmonds $5, paid; Ed. Kennedy $5, unpaid; John Welsh $10, unpaid; abusive language, Sam Barnheim $10, unpaid; larceny from a steamboat, Charles Gaut, case dismissed.

A good working girl, used to and stylish dress, will find a place at Mrs. Pilger's store, Alder street, near First.

BRIEF NOTES.

Still smoky.

Who is to be senator?

Lively times at the capital.

Steamer *Elder* off to day.

The postoffice has two lady clerks.

Large letter and paper mails last evening.

The steamer *Chester* due here this evening.

The Stark street sewer is progressing finely.

Common council will meet to morrow night.

Almost cool enough for fires these mornings.

Funeral of the late Mrs. Elizabeth Robb to day at 11 A. M.

State circuit court will probably continue during the present week.

Regular meeting of the Board of Trade to-morrow evening.

Willamettes No. 1 elect foreman and assistants to fill vacancies, to night.

At its present low stage the Willamette is affected every greatly by the ocean tides.

Mr. John Roland, agent for THE OREGONIAN at Jefferson, is in the city on business.

Officer F. M. Arnold, we regret to state, is confined to his house with severe illness.

The new brick building at the corner of Morrison and First is one of the handsomest in the city.

Columbia Rebekah Degree Lodge 3, I. O. O. F., will meet this evening at the usual time and place.

An appeal has been made to the various lodges of Knights of Pythias in Oregon from sister lodges in afflicted states.

Large trains heavily freighted with wheat come down daily over each of the railroad lines. Crops never fail in Oregon.

The new schedule went into effect yesterday on the eastside road. The change is so slight that it can scarcely be noticed.

Following messages remain uncalled for at the W. U. T. Co.'s office: Joseph Neals & Co., Mrs. S. Bandman, Ingising Chung.

Any person having possession of a copy of THE DAILY OREGONIAN of July 12, 1878, will confer a great favor by leaving it at this office.

The old buildings in the rear of Odd Fellows' Hall are being cleared away to make room for a brick building, to be occupied by Chinese.

A number of persons went up to Salem last evening to assist in electing a senator. Although members of the third house, they expect to be felt.

Royal Hollabaugh, for three years past with Atkinson & Wakefield, has taken a position with Champlin & Hollabaugh. He is a good acquisition to the house.

Mr. Ira Russ, who was seriously hurt about three weeks ago by a violent fall from a wagon in which he was riding, to the pavement, is able to be on the streets again.

The river steamers are delayed each morning by heavy fogs which multing with the smoke forms a "thickness" which is almost as impenetrable to the sight as darkness.

The church festival season is almost here. Several of the churches were quite "woke up" on the social question last season and many enjoyable church parties will probably occur this winter.

Enough progress has been made on the Unitarian church now being built to show its style of architecture, and give some idea of how it will look when completed. The chapel will form the rear part of the church.

PERSONAL.

From the Los Angeles *Herald* of the 12th, we glean the following relative to a former well-known resident of this city: "Mr. G. J. Bobtaum was yesterday admitted to practice law in the district court on the recommendation of the examining committee. Mr. Dobtaum passed a most creditable examination and will be an acquisition to the bar of Los Angeles.

Rev. C. V. Anthony will be a passenger by the steamship *Elder*, which sails this morning for San Francisco. He came from Oakland, California, to Portland two years ago, since when he has had charge of the pulpit of Taylor street M. E. church. Mr. Anthony is a courteous gentleman, a fervent and eloquent preacher, and an earnest worker in his principals. The prayers and best wishes for his prosperity and usefulness of many true warm-hearted friends in Portland go with him to the new field of labor where he has been assigned.

A letter has been received from Mr James A. Smith, the county clerk, who is at present on a visit to his old home in New York city. The letter bears date of september 4th, and the writer says: "Of course I have been everywhere, but am getting wearied with the noise, confusion and turmoil of this great city. Just think of it, 1,700,000 people are congregated in and about this place. Street cars on every street, drays, huge trucks, omnibuses, wagons and carts; carriages innumerable, and last, but not least, the two lines of elevated railways that make a terrible racket. All these make a man long for the quiet life of our peaceful city. A few more excursions and I will then gladly turn my feet homeward. I have determined on my route home, which will take me through Philadelphia, Baltimore, Washington, Pittsburg, Columbus, Indianapolis, St. Louis, Omaha and home."

STEAMSHIP OLYMPIA ARRIVED.

The steamship *Olympia* from Victoria and Sound ports arrived at her dock in this city at 5 o'clock last evening. She left Victoria on the morning of the 14th. Following is a list of her passengers. She will sail on the return trip on Thursday morning:

I D Bell & wife,	F H Winslow & wife,

Dr. Hall McLennan will hold circles every Tuesday, Friday and Sunday at 8 o'clock at the corner of Third and Morrison.

Mrs. Collier has fitted up the rooms in the Lownsdale building, Second and Morrison streets, in good style, and is prepared to receive lodgers.

"Bedrock Prices" is the order of the day, and the Oregon City Woolen Mills make known to the trade that they have made sweeping reductions in blankets, cassimeres and other woolen goods. The reputation of these mills is sufficient guarantee for the quality of their goods. Home enterprise should be encouraged, and the determination of this company to force out of the market all Eastern trash and shoddy, and enable the poorest in our midst to obtain good goods at low prices, is certain a step in the right direction. We trust our merchants will not fail to secure the bargains offered this season by the agents, Messrs. Jacobs Bros. & Co.

The Decker & Son New Scale Upright, with the latest patent improvements, is acknowledged to be the Best Piano now manufactured in the United States.

Spiritualism (in Portland) at 141 First street. Dr. Walter Hyde, magnetic healer and developing medium, assisted by clairvoyant and test mediums. Sittings daily after 9 A. M. Public seances every evening at 7 o'clock. Admittance to evening seance, 25 cts.

Just received everything new and novel for the holidays. Newest style in mottoes, parlor ornaments, colored card-boards, etc. When you pass stop and look in the windows of Mrs. Chas. Tichenor's, corner First and Yamhill streets.

The excellent photo work that Davidson Brothers are turning out proves that while they have much the lowest prices, they do not intend the quality of their pictures to be excelled. They make cards for $1 50, and cabinets for $3 per dozen.

Mrs. Dr. Furr, Homeopathic physician and Electrician, has removed to the large and commodious rooms in the building of the Young Men's Christian Association, First street, between Alder and Morrison.

A good chance for the state fair. For sale, a gas machine for making toy balloons; also, two gross balloons. Price, for all, $20. Inquire at Chas. Tichenor's, barber shop, corner First and Yamhill streets.

PRIVATE PREMIUMS.—I offer four beautiful premiums at our next State Fair for the largest and best display of dried fruits, dried by the Plummer Process, packed and exhibited by the manufacturer, to be exhibited in grand pavilion *built expressly* for the purpose. I wish all who own Plummer Driers to participate, as the State Fair promises to be a grand display of Oregon products and manufactures, and there is no doubt but all that participate will be greatly benefited.

PFUNDER'S OREGON BLOOD PURIFIER.

The great Oregon Botanical Remedy! A Family medicine for this country! Made from Oregon Roots and Herbs by an old and reliable Oregon House.

The Oregon Blood Purifier does not claim to cure every disease in existence, as is advertised by a majority of Eastern patent medicines, but it is a relief, a help, and in most cases a cure for Liver Complaint, Dyspepsia, Kidney Disease, and kindred ailments.

It purifies the blood, removes all scrofula, sores, pimples on the face, &c., &c.

To females in pregnancy it greatly relieves all nausea and vomiting, cleansing and purifying the blood, giving a brilliancy and beauty of complexion.

Take it home to your families—give it to the little ones when they are cosive, bilious or feverish; it will help them. Take it yourself when suffering from liver complaint, kidney disease or dyspepsia.

For sale at every drug store in Oregon.

Don't make yourself to pieces with Ague and burn up with Fever when you can prevent and cure it by using the great Oregon Remedy, The Willamette Fever and Ague Mixture! Buy it! Try it! Sold by all Druggists. Manufactured by

An Undeniable Truth.

You deserve to suffer, and if you lead a miserable, unsatisfactory life in this beautiful world, it is entirely your own fault, and there is only one excuse for you—your unreasonable prejudices and skepticism, which has killed thousands. Personal knowledge and common sense reasoning will soon show you that Green's August Flower will cure you of Liver Complaint, or Dyspepsia, with all its miserable effects, such as sick headache, palpitation of the heart, sour stomach, habitual costiveness, dizziness of head, nervous prostration, low spirits, etc. Its sales now reach every town on the Western Continent, and not a Druggist but will tell you of its wonderful cures. You can buy a sample bottle for ten cents. Three doses will relieve you.

Dr. Mintie's Vegetable Nephritic.

Does it cure all? No! It is intended for diseases of the Kidney and Bladder. This great Pomifer supplies a want long felt by a certain class of sufferers, and is taking a high rank among remedial agents in this country. First. Because it is made SPECIALLY for kidney and Bladder complaints, the different ingredients of which is so composed acting conjointly upon the muscular and mucous coats of these organs. Second. The combination is the result of large experience and careful study, both of the organs and their diseases. Third. The best materials (which are purely vegetable) are selected and used in its manufacture. In acute inflammation of the Kidneys or Bladder, pain or heaviness in the back and loins, with drowsiness and feeling of languor the NEPHRITICUM will give immediate relief, and a few use a perfect cure, by strictly following directions. Price $1.25.

Dr. Mintie's English Dandelion Pills.

Do they cure everything? No. They are intended for diseases that result from malarial poison and a deranged liver. Symptoms of a disordered liver—dull pain in the side and shoulders, loss of appetite, coated tongue, costive bowels, sick headache, drowsiness, weight in the stomach, often acid, with acidity and belching rising up of wind; low spirits, loss of energy, unsuitability, and forebodings of evil. Delay is dangerous. Many of the leading citizens of Portland, from experience, will vouch as to the superior virtue and value of these two specialties. Price 25 cents per box. To be obtained of all druggists.

Dr. La Mar's Seminal Pills cure all cases of Seminal Weakness, Loss of Vigor, Nocturnal Emissions, Impotency, Nervous and Physical Debility, and all that class of complaints arising from Excess, Indiscretion or Abuse. The old fluid in young & shiegnand and protection. DR LA MAR'S SEMINAL PILLS restore the Sexual Organs, debilitated from whatever cause, to their pristine vigor. Any address secure from observation. TUESDAY MORNING, SEPT. 17, 1878.

PUBLIC MEETING IN YAKIMA.

YAKIMA CITY, W. T., Aug. 31, 1878.

A large and enthusiastic meeting of the citizens of Yakima county was holden to-day in this place, for the purpose of considering Indian affairs. Meeting called to order with Col. Ballard in the chair and E. P. Boyls Secretary.

J. W. Goodwin, J. B. Huntington and D. W. Stair were appointed as a committee to draft resolutions respecting our necessities for protection from Indian hostilities.

The meeting was addressed by Capt. Hampton, Mr. D. W. Stair, and many others of the citizens, by whom our dangers from Indian hostilities were ably discussed, and Indian affairs in general were portrayed in their proper light. Col. S. G. Whipple, of Gen. Howard's command, being present, and upon invitation also addressed the meeting and assured the people that it is the intention of Gen. Howard to see that this locality shall be furnished with adequate protection. [Prolonged applause and thanks to Gen. Howard.] He also admonished our citizens to be calm and considerate in all their transactions, and to be sure that all their actions shall be in strict accordance with law and order.

The committee on resolutions reported the following, which were unanimously adopted by the meeting as follows, to-wit:

WHEREAS, Yakima county comprises a vast extent of country sparsely settled, and isolated from steamboat navigation, is very much exposed to the depredations of Indians; and

WHEREAS, The Indians have for the past two years assumed an unfriendly and warlike attitude, and have already committed many depredations in our county, and our people and property are unprotected from Indian hostilities; therefore,

Resolved, That a military post is of the most urgent necessity for the protection of our people and property in Yakima county, and that we most earnestly request the government authorities for the speedy establishment of a military post in our midst.

Resolved, That we hereby tender our thanks to Gen. Howard for his kind treatment toward Yakima county, and in sending us, in time of need, an efficient officer to ascertain our wants.

Resolved, That we regard the present Indian policy of the government as a signal failure in the hands of agencies,—not only fails to meet the wants of the Indians, but germinates and breeds Indian hostilities. It is almost a useless and wanton expenditure of the people's money. It also endangers the safety of the people. We would therefore favor a change of the Indians into the hands of the military.

G. W. GOODWIN,
J. B. HUNTINGTON,
D. W. STAIR.

After the business of the meeting was over, we were highly entertained by an interesting address from Col. Roberts on the railroad question. He being a sojourner with us for the time being, as the chief engineer of the Northern Pacific railroad, was invited to the floor and told us he had just crossed the Cascade mountains on the Cowlitz Pass, where he now had two surveying parties busily engaged in surveying that route. He informed us that as yet there has been no impediment or difficulty found on the route. He soon grasinated us upon our beautiful rivers and fertile valleys, and that a bright future awaits this country. He also alluded to our Indian affairs, with some well timed remarks, and heartily endorsed our action on that subject. He assured us that we are entitled to military protection in this frontier country, and that he would lend his influence to accomplish that end. [Prolonged cheers.]

After requesting the secretary to publish these minutes the meeting adjourned.

E. P. BOYLS, Secretary.

The local wheat market is a little unsettled, but several transfers aggregating a considerable amount were made to-day at from $1 50 to $1 55 per cental. The higher rate usually ruling.

A dispatch of this date to THE OREGONIAN from Washington, D. C., says: September returns to the department of agriculture gave the average condition of the corn crop at 92 against 96 in August. It is slightly above the condition reported in September, 1877, which was 91. The crop had its own in the northern portion of the Atlantic slope and on the Pacific coast. It is slightly improved in the states north of Ohio, but fell off 10 per cent in the states west of the Mississippi. Southern states as a whole fell about 3 per cent. Of 921 counties reporting, 251 were full average, 278 above, and 393 below. The September returns indicate an average of 87 in the condition of the wheat crop, against 92 in September, 1877. The reduction is mostly due to disasters to the spring wheat crop. In the northwest a preliminary examination of returns of this cereal indicate that the breadth sown will be about 76 greater than in 1877. This will more than compensate for the loss from the decline in condition, and may probably bring up the yield to the popular estimate of 400 000,000 bushels.

DR. PAUL W. BRENAN.

His Wonderful Success

IN THE TREATMENT OF ALL

Chronic and Difficult Diseases,

Has astonished the People of this Coast by his skillful Operations.

HE HAS TAUGHT IN HIS

public and private lectures the true principles of health and life to both male and female. He has also warned them against habits that would be sure to produce disease, in plain and comprehensive language. But where he has found them crushed and broken down by disease, mentally and physically, he has restored them to health and happiness, for it is well understood that without health there can be no happiness.

DR. BRENAN

has made a specialty in the treatment of the following diseases: Catarrh, Bronchitis, and all diseases of the throat and chest, by an entirely new system only known to himself. Diseases of the Kidneys and Urinary Organs, including Spermatorrhea, Seminal Weakness or premature loss of Manhood. In the treatment of these diseases he has made a world wide reputation by his astonishing success, not only on this Coast, but throughout the whole United States. Diseases of the stomach, bowels, liver and kidneys as well as all diseases of the blood and skin he has become master of, and never fails to give relief at once, and permanently cures the case if he is applied to in time.

THE DOCTOR HAS GIVEN SPECIAL LECTURES

to ladies only for years and is perfectly familiar with all female complaints, and understands their delicate and refined organization, as well as the proper remedies which should be used to allay their suffering and restore them to perfect health.

THE DOCTOR HAS THIS ADVANTAGE

over most physicians—he can tell the patients' disease the moment he comes in contact with them without any aid from the individual. This accounts in part for the great professional success.

All surgical operations can be performed by his skillful hand, and the patient need not fear the result.

DR. BRENAN

will send to those living at a distance and who cannot well visit his office a list of Printed Questions and by the answers when filled out he can tell the disease as well as the proper treatment, almost as well as seeing the patient personally, and will forward the proper medicines, or instruments, to any part of the country with full instructions and advices. Each letter requiring advice or list of questions, must contain two postage stamps.

Everything strictly confidential and honorable.

THE DOCTOR

has studied in the best Medical Schools in Europe and three years in the Jefferson Medical College at Philadelphia, as a more than one of the Medical men of the Medical Faculty in this State can testify.

CAUTION.

Persons coming to Portland, requiring medical treatment of the proper kind, who desire to consult with me, will please beware of parsons who may try to coax them away to other so-called Doctors, through pretended friendship for the patients. Look out for them; they are knaves, prompted by selfish motives and what they can make. Be sure and ask for DR. PAUL M. BRENAN, the *Medical Lecturer*, and read his sign on his door.

PERCHERON STOCK FOR SALE.

I WILL SELL THE FOLLOWING VALUABLE Breeding Animals:

PRIDE OF PERCHE or GEN. FLEURY, DOLL, WHITE ROSE, TEMPEST, those are all full bloods. JENNIE, a fifteen sixteenth blood. Doll has been bred to "Arabian Boy," the other three to Gen. Fleury. All appear to be in foal, and have proven No. 1 brood mares.

JOSIE, a yearling filly by Gen. Fleury, dam unknown. This filly will be enrolled in the forthcoming Percheron-Norman Stud Book, having fine crosses from Percheron sires.

ELLA, a ¾ yearling filly, by Gen. Fleury, dam Maggie.

The above seven horses are the most valuable breeding animals of this Stock ever offered for sale on this coast, and will be a valuable acquisition to any section they may be located in.

I would prefer to sell the lot together.

I will have part of the above number at the coming State Fair.

Also, "ARABIAN BOY," some Yearling Stallions, and Fillies, with the Shetland Ponies, and Shetland filly "Minnie."

In 25 years sh ep the Percheron stock was introduced in Ohio. The Secretary of the Ohio Board of Agriculture, J. H. Klippart, has published in his recent annual report, replies received from the various counties in the State, to the following queries: Have the Percheron horses been introduced in your county? Do they give general satisfaction? To the first, 68 counties answer Yes. To the second 59 answer Yes, and 9 answered No. And from the same report the average price of good geldings and mares for farm use were higher in Union county, where they were first imported, than any other county in the State. This certainly speaks well for the Percherons. Every horseman knows that a large well formed horse will always bring a good price in any market.

FIRE, WATER AND FROST PROOF

ARTIFICIAL STONE!

THE UNDERSIGNED PROPRIETOR OF THIS valuable patent on the Pacific Coast is now prepared to execute all orders for laying Sidewalks, Garden Walks, Carriage Drives, Corridors, Office Floors, Cellar Floors, Stable Floors, Kitchen Floors, etc. The stone is laid in squares, ovals, rounds, diamonds or any other requisite shape, to conform to any form of surface, level, curved or depressed. It is also made in any color or variety of colors, and is as durable and ornamental as marble; is perfectly fire, water and frost proof, while nothing is more economical.

Reference is confidently made by the undersigned to the work done several years ago on the elegant premises of W. C. Talbot, Esq., 851 Jackson st., and more recently on the magnificent premises of J. B. Hagin, Esq. Taylor street, San Francisco, from whom we have testimonials of satisfaction; also, the work lately done in this city for E. Green, Esq., Judge Harmon, and Mr. Grayson, on Jackson street, A. K. P. Harmon and W. S. Miller, Esqs., Webster street, and Mr. Ward on Lake street.

Orders may be left at the office of BILG BROS. Front street, two doors south of Oak.
